

# WHAT TO EXPECT WHEN GETTING A NEW ROOF

HERE ARE SOME IMPORTANT THINGS TO KEEP IN MIND.

1. Please walk around the exterior of your home and take any valuables inside to store them somewhere safe.

6. Do not drive into driveway when work is in progress (may be stray nails).

2. Clear or remove anything that may be in your driveway so we have a clear work area.

7. Remove ALL valuables and pictures from walls that may fall during installation.

3. Warning! It may get messy when we are installing your roof but before we leave the entire job site will be cleaned.

8. If possible mow the lawn a few days before we arrive (makes finding debris easier with shorter grass).

4. If you have any pets please keep them indoors or somewhere safe for the days that we are working.

9. After underlayment is installed typically there will be a dry-in inspection.

5. Move deck table/chairs, solar lights.

10. Roof Installation followed by a final inspection.
